### Begin your adventure...

Step on board one of three custom built 1 000hp offshore powerboats for an exhilarating 55 minute ride to the dreamy Exuma cays some 38 nautical miles away from Nassau. Hold on tight and feel the rush of wind in your hair as our boats slice through the crystal clear Bahamian waters at 40mph and above to take you to your destination for the day. Watch the towering landmark of the Atlantis Resort disappear to a memory as we near our first stop...

Pulling in to the secluded Allan's Cay you will meet the first of the neighbors as we pause to provide a tasty breakfast for the protected Allen's Cay Rock Iguana (*Cyclura cyclura inornata*). We call this critically endangered species the Bahamian Dragon and have often provided transportation for research and environmental teams to Allen's Cay to aid in the study and conservation of these lizards.

A few photo opportunities with these amazing and ancient creatures along with a handful of grapes as payment for their time, and we are ready to launch the boats back into high-speed for the trademark Miami Vice Boat ride up to our own private and secluded island paradise, Ship Channel Cay.

Included would be amenities offered on the daily full day trip that includes two stops at islands in the Exumas including their own private island. Optional participation activities include:

Iguana feeding, sting ray feeding, shark feeding, snorkeling. Included is open bar, buffet lunch.

We need discount tickets for all tours.

Need a disclaimer for all tours (in case anyone hurt themselves)
